Technical Information Ceramic Paste Spray

Metal-free high-temperature paste with excellent lubricating effect. Good corrosion protection. Ideally suited for assembly work on ABS brake systems as well as for long-term lubrication of highly loaded sliding surfaces of all kinds. Temperature resistant from -40 ° C to + 1,400 ° C. The removable brush head allows for easy even application of the paste.

For use on:
ABS braking systems, bayonet, plug and screw, pipe, flange joints and fittings
