

Technical Information Battery Pole Protection Spray

presto Battery Pole Protection Spray protects electrical contacts and battery terminals from oxidation and corrosion. The blue wax ensures a constant flow of electricity and prevents leakage and voltage losses. It extends the life of a battery and prevents acid damage. Good compatibility with plastics.

Applications: battery terminals, battery holders, terminals, earth cables

Products: The subpart part marker ###ITEM_LIST_EMPTY### or the template file

EXT:snet_tmpl_motip/Resources/Private/Templates/Extensions/tt_products/products_template_en.tmpl has not been found.

Disclaimer of liability

This application-technological information is given to the best of our knowledge. The notes mentioned herein are, however, non-binding and do not exempt you from own tests to see whether the products supplied by us are suitable for your special application. The use and processing is beyond our control and therefore exclusively in the responsibility of the user. MOTIP DUPLI is let off the liability, unless the liability-based incident is caused by a fault incurred to MOTIP DUPLI.
